EDUCATION

Nandha College of Technology, Erode — *B.E Computer Science and Engineering*

2021 - 2025

Currently pursuing a degree in Computer Science and Engineering, with a focus on software development, full-stack development, and modern programming technologies.

Carmel Matric Hr. Secondary School, Erode — *Higher Secondary Studies*

2019 - 2021

Completed higher secondary education with a focus on Computer Science, building a strong foundation in programming, which prepared me for advanced studies in technology and engineering.

PROJECTS

Money Monitoring Web app — *Python, Flask, SQLite*

A user-friendly web application for tracking personal expenses, featuring an intuitive interface for logging spending and monitoring financial activities.

Web Scraper — *Python, Scrapy*

Developed a web scraper using Scrapy to extract and rank the most popular creepypastas from creepypasta.com, automating data collection and analysis.

Image to PDF Converter — *Python, PILLOW*

Developed a Python tool using Pillow to convert multiple images into a single PDF. Users select a folder, and the application processes and compiles images into a multi-page PDF document efficiently.

Login/Registration site — *Python, Flask, SQLAlchemy*

Created a secure web app for user authentication and registration, featuring account creation, login, and profile management with SQLAlchemy.

SKILLS

Python Programming.

Java Programming..

Web-Development.

Git and Github.

Additional

Practicing programming on platform HackerRank

Engaging myself into various project such as Flask, sqlalchemy,

LANGUAGES

English, Tamil

Hobbies
